

JOYFUL LEADERSHIP

Training course (9th - 17th November 2019.)

Joyful Leadership training course

Training description

The Joyful Leadership concept was carefully developed by an international team of experts who poured all their decades of experience and knowledge in this holistic "Tree of life" approach, wanting to empower new generations of role model leaders. They have defined Joyful Leadership as "the process of influencing others with joy about what and how needs to be done to accomplish shared goals for the benefit of all".

The educational cycle consists of the online course (<https://www.udemy.com/course/joyful-leader/>), the manual (download here: <https://www.joyful-leader.com/>) and the training course.

The TC is funded by the Erasmus+ programme and is free of charge.

If you are reading this, it means you are one of our best rising leaders and you are prepared to put into practise all of the knowledge gained from the online course.

You will have the chance to meet the mentors from the Joyful Leadership online course in person, exchange experiences with them, also meet other motivated young leaders and discuss about every question that has come upon your mind while watching the online course.

The second Joyful Leadership training is going to take place in Zagreb from 10th to 17th November. 10th of November is the arrival day and you are expected to be in Zagreb in the evening the latest. 17th November is the departure day and you are expected to check-out from the accommodation in the morning. The activities will last 7 days and will take place from 10th to 16th November.

The training will bring together 30 participants from Armenia, Greece, Romania, Croatia, Italy, Macedonia, Albania, Czechia, Turkey, Slovakia and Portugal.

We are certain that all of you already know what Joyful Leadership is about. However we would like to ask you before coming here for the training to refresh your knowledge gained from the online course and the manual, go through some lectures that were more difficult for you or watch again some of the videos if it is necessary.

Thus you will be fully prepared to actively participate during the training.

Accommodation

Chillout Hostel in the very center of Zagreb (address: Tomićeva 5A).

<https://www.chillout-hostel-zagreb.com/>

The hostel is a modern, lively space. You will be accommodated in dorms with shared bathrooms. The hostel has a kitchen, WiFi and a bar.

Our training room is located 5 minutes away on foot from the hostel - just enough for you to catch some fresh air before the sessions:)

Transportation

You can arrive in Zagreb either by bus, train or a plane (even a car if you're traveling with a group). If you come at Zagreb airport, you can catch a shuttle bus for €5 which will take you to the main bus station. From there, Google Maps will easily lead you to the hostel. The same goes if you're arriving at the train station.

A single tram ticket costs 4 HRK (around €0,6) and can be bought at a newsagent's at the bus or train station.

If you have any questions, feel free to send us an email at projects@oazainfo.hr so we can help you with travel arrangements.

Travel expenses (for a return trip) will be reimbursed up to the following amount:

Armenia, Turkey, Portugal - €360

Greece, Slovakia, Romania, Italy, Macedonia, Albania, Czechia - €275

Please, keep ALL your ORIGINAL tickets and boarding passes and give us to them upon arrival- otherwise we won't be able to pay you back.

Food

During the training, three times per day you will be provided with fresh vegetarian meals (lacto-vegetarian meaning no meat, fish or eggs). This will be brought to you by our newly opened vegetarian and vegan restaurant OAZA Joyful Kitchen – a social enterprise established by O.A.ZA.

We encourage you to try the vegetarian diet during the training course so you can see what benefits it can bring to you.

Promoting vegetarianism is important for two reasons – sustainability and nonviolence. Excessive consumption of meat in modern societies has a big negative ecological footprint.

We also insist on alternative food habits grounded in nonviolence, compassion, and care for other beings which, we believe, make us better humans.

Clothes and things to bring

One day of the training will be reserved for outdoor activities, so you should bring sports, comfortable shoes and clothes.

Health insurance

EU residents must have a valid EHIC card which will cover most of the healthcare costs. Non-EU residents are recommended to have a travel or other health insurance.
