Co-funded by the
Erasmus+ Programme
of the European Union

Introduction of LTTA

The LTTA is dedicated to the development of the initial training content by conducting a Hackathon.

This activity core aim is to transfer the knowledge of youth and experienced youth workers with strong interest in the digital leadership. Together we will brainstorm to achieve better results for the training content, and work in the multicultural environment towards a common goal.

Goal:

- Develop initial training content through a Hackathon.
- To improve youths' employability by developing their skills in digital leadership, digital communication, and leading virtual teams.

Outcome:

- Creation of agile training modules and methods, serving as the foundation for the final Digital Leadership Training Content.
- Enhanced digital leadership skills among youths.
- Improved methodologies for youth workers to efficiently engage and teach young people.
- Increased multicultural collaboration and knowledge transfer among participating organizations.

Participant Profile

Youth Workers / Youth Leaders / Educators: 48 (6 per partner), with experience in youth training and a strong interest and enthusiastic about digital leadership and multicultural collaboration.

Youth who will participate in the activities organized within the scope of our project will receive a "Youthpass" certificate at the end of these activities.

Youthpass is a European recognition instrument for identifying and documenting learning outcomes that are acquired in projects under the Erasmus+ Youth and the European Solidarity Corps programmes. It aims to reinforce reflective practices in youth work and solidarity activities, thereby enhancing their quality and recognition.

Expected Results of LTTA

- 1** Be inspired by renowned speakers and innovative ideas, leaving LTTA with a fresh perspective and renewed passion for education.
- 2** Connect with like-minded educators, youth workers, leaders Build lasting relationships at LTTA.
- 3** Gain practical strategies to integrate technology into your teaching practice. Take home actionable ideas to transform your target group.
- 4** To equip youth workers with modern approaches and tools to effectively mentor youths in digital leadership.
- 5** Enhancing employability and professional success of youths by developing skills in digital leadership, communication, and leading virtual teams.
- 6** Creating an inclusive, high-quality educational experience that resonates with the needs and aspirations of young individuals.
